You will have until 11pm on the advert closing date to apply for the position. Please take into consideration that some adverts may state that they will close earlier if they receive a large response. Ensure that you read the job advert thoroughly to not miss out.

**Q. How do I know when my application has been submitted?**

**A.** Once submitted, you will automatically receive an acknowledgement email advising that the application has been submitted successfully.  
If you do not receive this confirmation, check your junk mail and that the email address you have provided is correct. If the email has been sent to your junk mail, it is advisable to set our email address as not junk, so any further emails sent to you do not go to your junk mailbox.  
Alternatively, use the 'My Applications' link on the Recruitment Portal and ensure the application is listed. If your application is listed under the 'In progress applications' section, click on 'Update' and ensure that all sections of the application form have been completed, then click on 'Apply'.

**Q. Can I amend my application after it's been submitted?**
